+918122447259 | nanthakumarmurugeswari@gmail.com | Tenkasi, India | <https://linkedin.com/in/nanthakumarm01/>

PROFESSIONAL SUMMARY

Experienced in Java, Spring Boot, Hibernate, MySQL, React, and Angular. Skilled in designing and developing full-stack web applications, RESTful APIs, and database-driven solutions. Built projects including a Hospital Management System and Cabin Staff Food Ordering System using modern development practices. Completed Full Stack Development training through EduBridge (Capgemini CSR) and gained practical industry experience through a Web Development Internship.

CORE SKILLS

- **Programming Languages:** Java, SQL, HTML5, CSS3, JavaScript
- **Core Java:** OOPs Concepts, Collections Framework, Exception Handling, Multithreading, File Handling
- **Frontend Technologies:** React.js, Angular, Tailwind CSS, Bootstrap, Responsive Web Design
- **Backend Technologies:** Spring Boot, Spring MVC, Spring Security, JDBC, Hibernate, JPA, REST API Development
- **Database:** MySQL
- **Tools & Platforms:** Eclipse IDE, GitHub, VS Code, Postman, MySQL Workbench, Maven
- **Development Concepts:** Data Structures & Algorithms, JSON, CRUD Operations, MVC Architecture, API Integration
- **Version Control:** Git, GitHub

EXPERIENCE

The PlanetNineIT Service

March 2025 - May 2025

Web Development Intern (On-site)

- Built and enhanced an interactive V11-QR Landing module for V11Tech.com using scroll-based animations with Intersection Observer API.
- Developed responsive, mobile-friendly layouts with hover effects and interactive UI elements to improve usability.
- Implemented frontend features in collaboration with the development team using modern web technologies.
- Tech Stack: HTML5, CSS3, JavaScript, React.js, Tailwind CSS.

PROJECTS

Hospital Management System

- Designed and developed a full-stack web-based healthcare management system handling hospitals, doctors, patients, and emergency case workflows.
- Built and exposed RESTful APIs with complete CRUD functionality using Spring Boot, Hibernate, and MySQL.
- Developed responsive admin dashboards featuring dynamic tables, data charts, and form validation for streamlined healthcare data management.
- Tech Stack: Java, Spring Boot, Hibernate, MySQL, React.js, Tailwind CSS.

Cabin Staff Food Ordering System

- Developed a full-stack web application enabling college faculty to place meal orders digitally from their cabins, replacing manual ordering.
- Engineered backend REST APIs using Spring Boot to handle user management, food menu configuration, and order processing.
- Integrated MySQL database for persistent storage and retrieval of staff profiles, menu items, and order records.
- Built a fully responsive frontend using Angular, ensuring a seamless ordering experience across all devices.
- Tech Stack: Java, Spring Boot, Angular, MySQL, REST APIs.

EDUCATION

B.E. COMPUTER SCIENCE AND ENGINEERING

2022 - 2025

ANNA UNIVERSITY | CGPA: 7.1

ADDITIONAL DETAILS

- **Certification:** Java Full Stack Development Certification – EduBridge (Capgemini CSR), 2025
- **Languages:** Tamil (Native), English
- **Areas of Interest:** Full Stack Web Development, Backend Development
